We have had this program in Floyd County for the last two years and it has proven to be very beneficial in the placement of teachers in high need areas such as Math, Science, and Foreign Language. The program identifies individuals who are committed to serving as teachers in rural or urban areas and that are willing to make a two year commitment to stay in the district in which they are hired. The individuals are trained and certified in which they are hired. The individuals are trained and certified through EPSB and are permitted to teach in Kentucky. Teach for America will supply to teacher candidates and the same hiring procedures will be utilized with the Board picking up the \$3,000 per staff person place in our district.

KRS 160.380, 704 KAR 19:002. In prior years, OU/RLC had a school number assigned from KDE. In 2012-2013, the school number was Abolished and RLC was set up as a program. Because of this, all attendance data and grades were recorded at the student's home school in Infinite Campus. For 2013-2014, the state will require that all off-site alternative programs have a school number. It will also be a requirement that all students placed in an off-site alternative program be withdrawn from their home school and re-enrolled in the alternative school in Infinite Campus.

For this reason, the district will be requesting a new school number from KDE and RLC will be set up as a separate school again in Infinite Campus. In reports to the board during 2013-2014, you will see RLC listed as a separate school.
